ARTS

Always fancied yourself an animator? Want to put those creative skills and vivid imagination to use and create incredible motion graphics and blockbuster visual effects?

Adobe® After Effects™ is truly the most widely used, industry standard software used for this, and comes along with a wide range of awesome tools, allowing you to broaden your creative horizon and explore a huge variety of effects, producing visually stunning work to your exact specifications.

Make your animations come alive using footage of virtually any size and format, adding music, text and even artwork from various other Adobe® programs such as Adobe® Illustrator™, Adobe® Photoshop™, Adobe® Premier Pro, Adobe® Encore™ and Adobe® Flash™. Editing and compositing are done easily and with great efficiency, delivering work of a sophisticated quality. Adobe® After Effects™ is a groundbreaking program with plenty to offer, book your seat with us and give yourself your animation wings.
